FYI per your email. I called CPetersen and he said it would be ok for me to travel today since it is only an accounting code we are waiting on. See Roberts message below as it will take a day for the accounting to catch up...We changed the site name from Bachman Services to Bachman Services Fire and the system was locked I guess until the change could be made. Petersen can tell you more. Thanks.

Chris, Thanks for your response.

Yes.....We can make a name change in COMPASS, which is the Agencies Financial Accounting System and the SSID Listing.
Send your email to Rey Gomez, cc me and to whomever must be notified, this will make it official. Rey, will forward your

Can the SSID name be change from Bachman Services to Bachman Services **Fire** in order to match OSC.net.? Also, it gives a little more distinction if something ever happens at Bachman again. Thx.
